It appears on this examination that on the 30th of December, 1879, there were 4,000 shares of Erio stock issued to William Heath & Co., and on the 31st of December, 2,500 shares of the same stock, and on the 12th of January, 1871, 5,000 shares of like stock issued to William neath & Co. Under what circumstances and for what consideration were those 11,500 shares issued to your draft. A. I don't know anything of it. No one ever said anything to me about it that I am aware of. Any one could place stock in my name; but it does not necessarily follow that I had anything to do with it.

Q. Eid you sign blank powers of attorney under which the whole or part of that stock was soid? A. I have signed certificates of stock in my name, but I do not recollect this particular stock; I cannot identify it; if I saw the certificates i would know them; I do not know that this stock is now in my name.

Q. Dra you sign transfers of stock at the request of Mr. Gould? A. I do not know; Mr. Charles E. Quinsey may know; he is to be found at our office every day; he dives in Brooklyn; I cannot recollect of any application made to me by Mr. Gould about this stock, or any statement made by him to me mat he had put It in my name.

Q. When did you first hear of it being put in your name? A. I cannot say that I have heard it; there was some statement about it in the papers.

Q. Brey you not heard of 33,500 snares of Erie stock being put in some irregular manner? A. I never knew the fact to the best of my knowledge and belief; the counting custom in Broad street for people whom I do ouslaces with and brokers is, on placing stock for the purpose of collecting the dividends, to tencer them the certificates for signature; I had been in the nabit of doing that for Mr. Gould and other parties; I know nothing of this stock.

THE MAXIMILIAN MYSTERY.

Run Over by an Ambulance-An Explanation

as to the Probable Cause of Benth. There has been considerable mystery succeeding the case of Max K. Maximillian, who died on the 6th inst., at his residence, 73 Third avenue, but it is now gradually being dispelled. The widow of deceased appeared before Coroner Herrman yesterday and deposed that on the 26th uit, her husband left home after supper to attend a meeting in the upper part of the city. He returned at haifpast eleven P. M., when she discovered he had been injured, and in explanation he said he took a Third avenue car to come home, paid his fare and had no recollection how he reached home. He was not clear in his mind, and did not fully recover his senses before his death. Up to yesterday it was supposed deceased had failen from a Third avenue car, but Captain Gunner, of the Nineteenth preclint, being at the City Hall, was spoken to in relation to the matter by Coroner Herrman, and was able to partially explain the mystery. He stated that on the 26th uit, a hospital ambulance was called to Sixty-first street, hear Third avenue, and either going up or returning the ambulance ran against or over the deceased. The surgeon in charge mentioned the matter to the police at the time, and thought deceased was but slightly injured. If Mr. Maximilian took a car, as stated to his wife, it is probable he left it again, and was run down by the ambulance. day and deposed that on the 25th uit. her hus-
